The Honorable Sam Graves  
Ranking Member  
House Committee on Transportation and Infrastructure

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the 10 Mile Signal Modernization in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Center Line and the project is located at 10 Mile Road between Lawrence Avenue and Sherwood Avenue in Center Line, MI 48015.

The funding is designated for improvements to traffic signals, pavement markings, and signage at a busy intersection to reduce danger to pedestrians and drivers.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: these improvements will help make transportation much safer in this area, particularly for pedestrians. These intersections are very near to a subsidized senior housing building as well as apartment buildings that house some of the lower income residents of Center Line.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN  
Member of Congress
